

Project Description

Project: MSL-0004-00(433) Rockdale County **PI No.:** 0004433

Project MSL-0004-00(433) is the third of three phases of the overall project to connect the City of Conyers to SR 20 and SR 138 via the Parker Road Bridge over I-20. The northern terminus of the project is Flat Shoals Road where it connects to Parker Road - Phase II, project number STP-9349(4), PI No. 752380. Existing Parker Road is a two-lane road that is proposed to be widened to a four-lane road with a 20' raised median and urban shoulder. The project follows along existing Parker Road to its intersection with SR 138. After crossing SR 138, it follows existing Millers Chapel Road to the southern terminus at SR 20. Millers Chapel Road is proposed to be improved to a two-lane road with a 20' raised median and urban shoulder. A 10' multi-use path is proposed for the east side of the project and a 5' sidewalk is proposed for the west side. The project is also proposed to include trees and landscaping within the median and shoulders. The total length of the project is about 1.2 miles
