## PI Number: 0007051

### Project Description:

The project proposes to replace Bridge 263-0008-0 over Potter's Creek. SR 22 / US 80 would be closed and the new bridge would be constructed in-place while traffic is maintained via an off-site detour (shown below). The proposed typical section of the new bridge approach is one 12-foot travel lane in each direction with 6-foot rural shoulders (2-foot paved). The roadway segment will begin at Talbot County MP 25.93 and end at Talbot County MP 26.14. The bridge will be 100 feet in length and the total project length is 1110 feet.

The proposed detour route diverts traffic from SR 22 / US 80 to SR 208 and SR 3 / US 19. The total length of the detour is 40.5 miles.
